4	<p>Growth and Development</p> <p>letter sent to staff and parents on Feb 2nd-communication plan ?</p> <p>Growth and Development meeting Feb 27th will be moved to March 5th, because of the agendas of the mayor. To this date, there is no further information. If the department is going to move, we will get in contact with the MR.</p> <p>Concerns raised from MR members: there is already a lack of communication and trust, moving this meeting adds to this. No trust or credibility. Already started by sending out a letter that suggests news, but nothing can be said in the letter.</p> <p>Head of department confirms that everything requires double plans: for the department stays or if they leave.</p> <p>We had a meeting where we discussed deadlines to be able to move in August, this date has already passed. Is it still feasible?</p>	see doc	

	<p>MR has not been informed, nor have they been given advice, no information should really be shared with parents.</p> <p>Changes in classes: changes to Group 5, to be able to merge 1 of the 5's and the Group 6. Long Term staff absences that cannot be covered, need the teachers. Social interaction in the Group 6 is not good, where it is good for the Group 5. Could be a good influence on the Group 6 if they merge. Starting on the 4th of March. A letter will be sent out tomorrow and teachers will announce it to the classes as well. Decision was made together with BDDteam.</p> <p>PMR should approve the amount of classes and the teachers. Shouldn't we have a say? → There is no 'werkverdelingsplan', so there is nothing to comment on.</p>		
5	<p>building K and extension plan</p> <p>There are plans in place, not only for the K-building, but also for the extension. MR hasn't received any information/documents to approve.</p> <p>Leadership knows what the needs of the students are, but the MR is not involved.</p>	coversheet	inf
6	<p>How is the implementation of the new 2024 national policy regarding mobile phones in school going?</p> <p>It seems to be working according to schedule.</p>	coversheet	inf
7	<p>child protection and safeguarding</p> <p>We send suggestions to the director, we need the updated version to be able to approve it.</p>	coversheet see policy	I
8	<p>waste plan minutes dec 18; <i>Concerns about primary students and where the bins will be placed.</i> <i>ISE provides too many milk cartons=waste</i> <i>There are a lot of printing mistakes - 1/3 of paper waste</i> No answers/response to our concerns above, along with our concerns about the amount of money.</p>	coversheet	A
9	<p>schoolguide Can the MR-PD approve the improved <u>Dutch</u> language version of the ISE School Guide * Additional point: statistics secondary The Dutch document is leading, but we need the English version form (documents in 2 languages) This is a recurring issue, we discussed this multiple meetings without resolution. No answer from the director to most of the questions and documents from the previous meetings. The Dutch version has improved, but is not what it should be. - Text: orange writing, small font</p>	website (only in Dutch !-parents only English)	A

	<ul style="list-style-type: none"> - Images are repeated - Information: repeated information in different sections. - Charts sometimes have numbers, but do not clearly explain what it means. - Other school in the GMR was very positive about SILFO marcom and how they redesigned it. We need them for our school guide as well. <p>Vote: 3/3 Not approved</p> <p>Additional point: Table on page 14 shows a decline in transfer from primary to secondary VWO, it goes down every single year. These numbers are concerning for parents as well.</p>		
10	vacancy en procedure Head of Dept BDD interviews will be in the week of March 4th.
